

LeCarrousel

Ode to Rabat,
a Capital to Live.

01

Le Carrousel

Live, Work & Play.

At over 100,000 square meters, Le Carrousel innovates as it offers a wide variety of places in which to live, work and play as a mixed use destination on the shoreline of Rabat.

A project which intends to benefit a wide community, Le Carrousel links residential, retail, hospitality and entertainment by integrating a business hotel, private homes, a waterfront promenade and the first outdoor mall with over 30,000 square meters of shops, cafés and entertainment facilities.

Hop on and begin your endless journey on Le Carrousel!

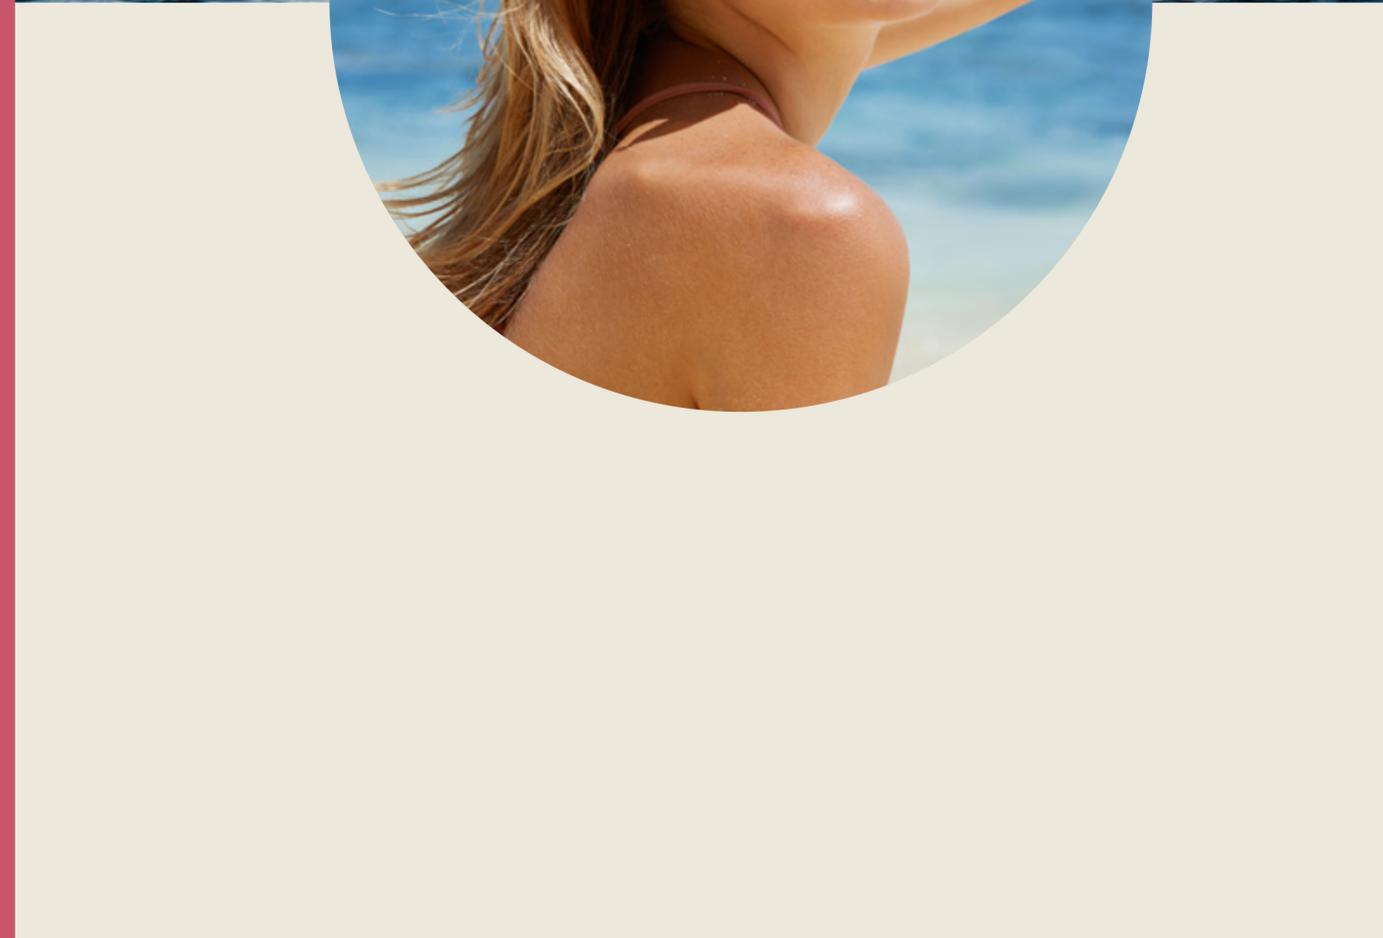

The First Waterfront
Project in Rabat.

Where Everything
Is Effortless.

High-Potential Developments.

The Coastline of Rabat.

02

Strategic Location.

The coastline of the city of Rabat stretches along 13 kilometres along the Atlantic Ocean, and it's spatial planning project aims to play a pivotal role in the city's urban development.

The spatial plan consists of new projects as well as the substantial restoration of historical landmarks - it will include high end residential compounds, hotels, retail areas, office space, entertainment areas as well as areas dedicated to outdoor activities.

In addition to residential projects and educational facilities, such as the recently inaugurated Rabat American School, one of its most ambitious project is the rehabilitation into a luxurious hotel, of Marie Feuillet Military hospital, once the summer palace of Sultan Moulay Ismail.

The Rabat Coastline Spatial Plan is intended to be a fully integrated urban project meant to rehabilitate a coastal zone of high potential.

All of the project's components will be linked by a network of cycling and pedestrian pathways for outdoor enthusiasts to enjoy, and conceived for the wellness of residents.

03

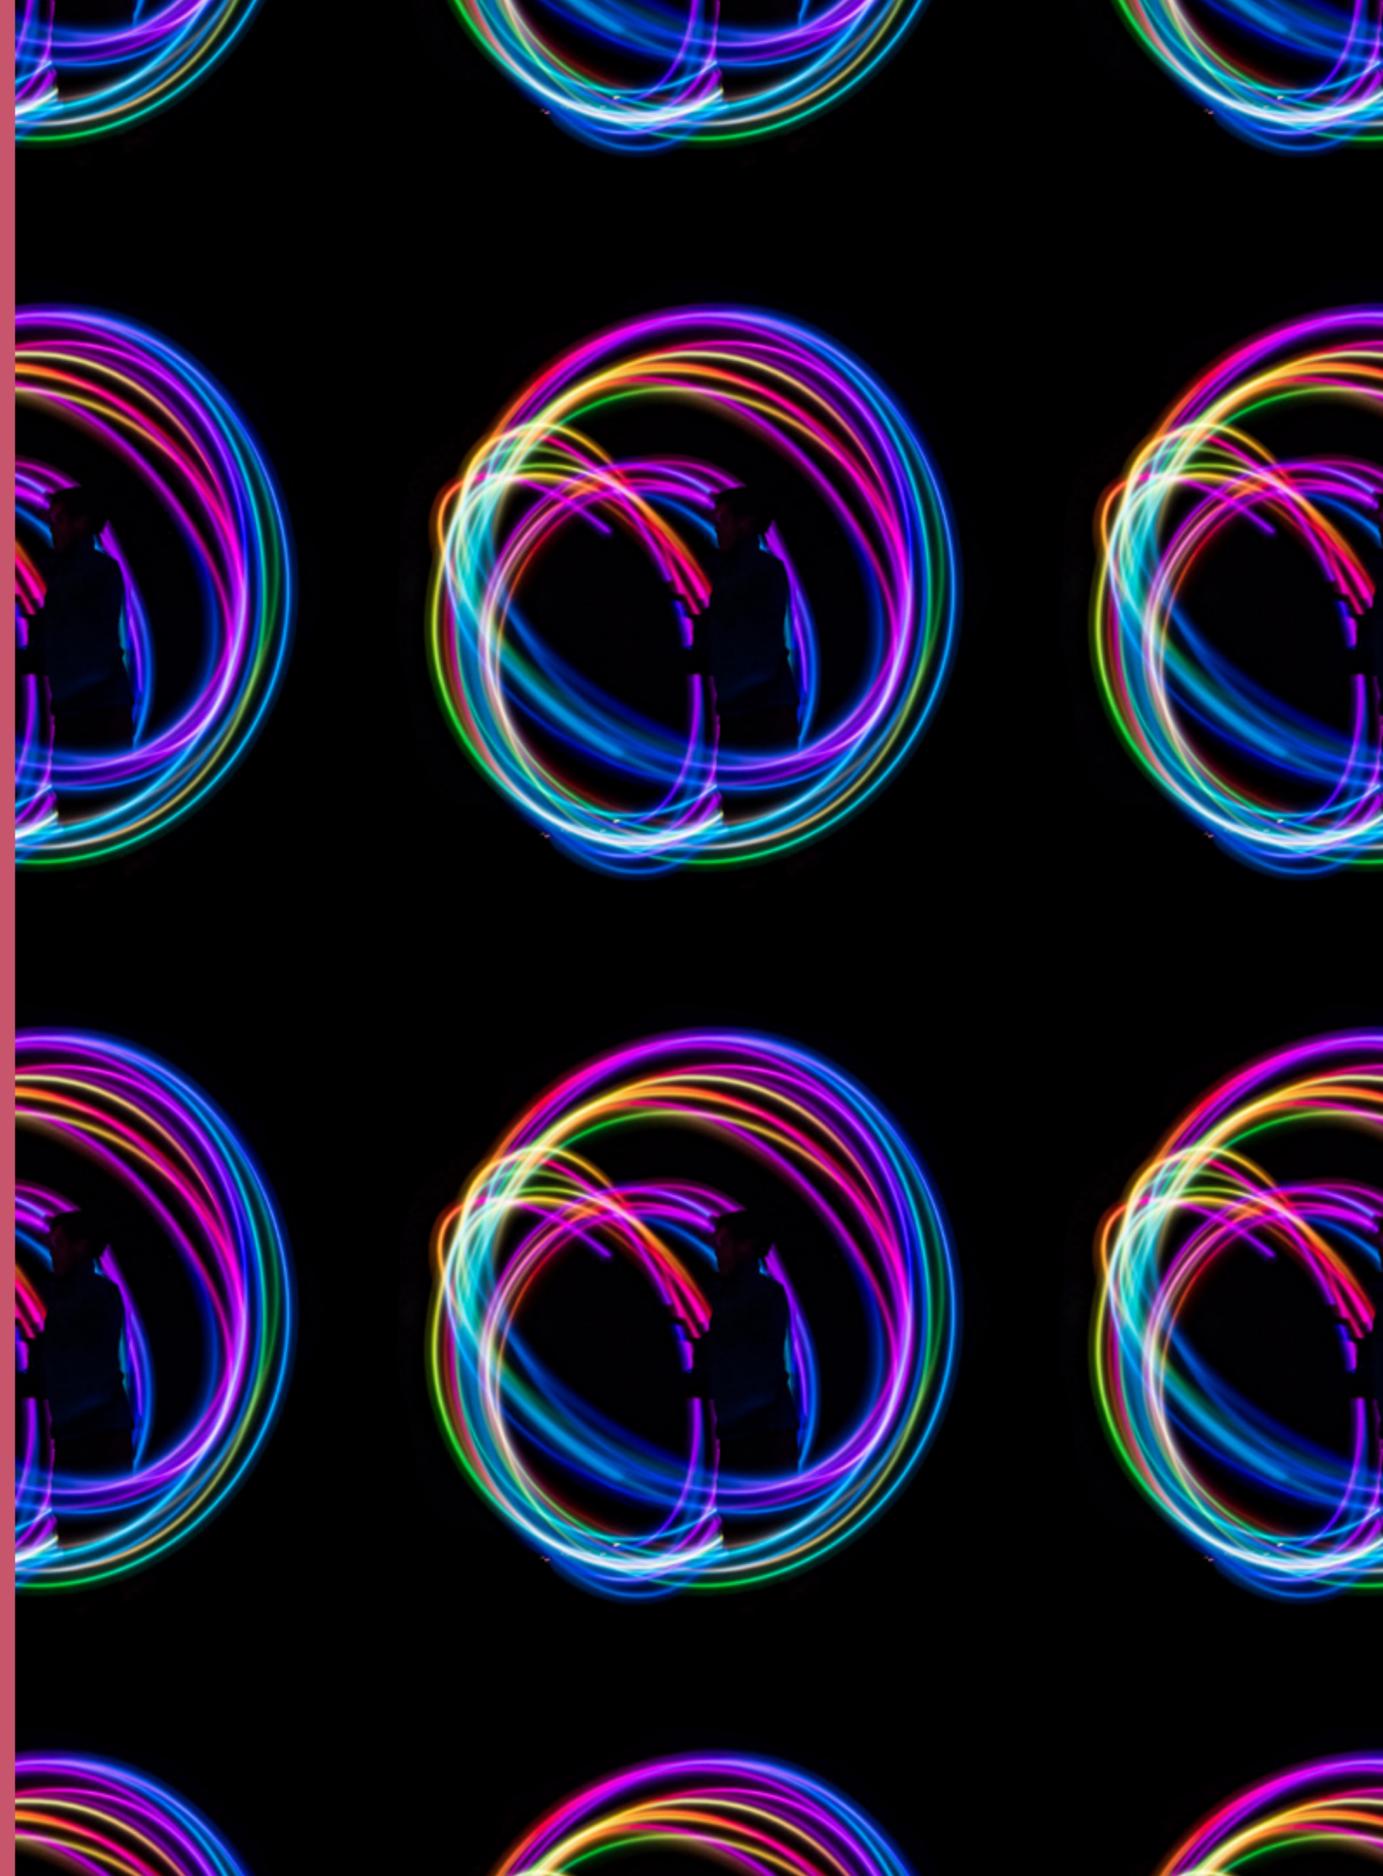

Innovative Masterplan.

Designed for Those Who Live Life, Work & Play to the Full.

Inspired by the infinity of M.C. Escher's loop, Le Carrousel's master plan was designed as a circle, linking all of its components together, creating the impression of an endless journey for residents and visitors, enabling them to fully benefit from all the amenities of the development.

Two pedestrian bridges will connect the working spaces and the mall experience to the shore promenade and the hotel.

Le Carrousel, a place to live work and play.

06

Le Carrousel Mall.

Capture the Charm of the Outdoor Living.

Life style mall are based on a concept of “trinity of synergy” which combined entertainment dining and retailing in pedestrian oriented environment.

As a real estate developer, we understand that the overall feel of the outdoors and open space is part of the entertainment. Le carrousel life style mall is 33,000 sqm of food & beverage, arts & culture, education and community experiences, fine art galleries, upscale boutiques and personal services. Le carrousel life style mall is a memorable destination with emphasized landscaping and outdoor amenities, fountains and water features implemented in an open-air plaza which add to the atmosphere and create the soul of the space.

Our mall is not a grouping of branded retailers, it's a journey to live and family experience.

10

About the Developer.

IMKAN is an Abu Dhabi-based real estate developer with a portfolio of 26 projects spanning three continents. We aim to create soulful places that enrich people's lives.

Our proposition is built around a unique research platform that uncovers the distinct social behaviours and habits of specific market segments – from millennial to discerning high-net-worth individuals – to formulate tailored user profiles. This research-led approach enables us to shape communities that are in tune with the mindset of each profile, thereby adding value for its stakeholders.

We are a wholly owned subsidiary of Abu Dhabi Capital Group (ADCG). Our key projects in the UAE include two

developments in Makers District, Reem Island – The Artery, a multi-use building that integrates a makers' space with a parking garage, and Pixel, the company's first mixed-use destination. Other key developments are Nudra, a luxury beach side villa community; Sheikha Fatima Park, the capital's first urban park that seeks to enhance community interaction; and AlJurf, the fully integrated second-home destination along Sahel Al Emarat.

The pristine development is nestled between Abu Dhabi and Dubai and comprises timeless villas and land plots set in a preserved and natural ecosystem. In addition, Egypt's Alburouj, a 5 million SQM complete mixed-use community 20 minutes away from Cairo airport.
